

FIND YOUR INTERNSHIP

To find an internship, you need to be organized and persistent. Prospecting must begin 3 to 6 months in advance. Of course, you need to find an internship which is related to your professional project.

Looking for an internship or a sandwich course requires a lot of patience and perseverance. You should apply in many companies. You should:

- Use the High School Business Partner File
- Examine ad, press, social networks
- Participate in forums and fairs
- Apply spontaneously in different companies
- Go in person to companies and introduce yourself
